

I do not want LPFM expanded. I listen to K-LOVE on 96.1 FM because it is the only Christian radio station that comes in all year at my home. My choice is to listen to Christian Music. It offers a positive alternative to the choices in my area. This signal has only been active in my area for one year and I don't want to loose it. Thank you for listening to my concern. I will be praying for your decision. Rose Mary Coffey
